

Connie Sue's Quick Prep Appliqué Workshop

In preparation for your workshop:

- 1) Cut 1 – 18” square of light colored background fabric.
- 2) Place your pattern over a light source such as a light box or a window.
- 2) Place your 18” square of background fabric over the pattern.
 - a) Be sure the right side of your fabric is against the pattern. The wrong side of the fabric will be up.
 - b) Be sure to center your fabric over the pattern.
 - c) Be sure your fabric is face down against the pattern.
- 3) Using a #2 lead pencil, trace the pattern on to the WRONG side of the background fabric. Press firmly. The pencil mark will wear off as you stitch the block.

Your block is now ready to bring to the workshop.

IMPORTANT: Trace on the WRONG side of the background fabric.
